OBJECTIVE:

Web developer

Professional Summary

Technology professional with a **Bachelor's degree in Computer Science and a specialization in Computer Networks**, experienced in managing technological environments in educational institutions.

My work focuses on **integrating infrastructure, educational technology, and robotics education** to support learning environments and improve operational efficiency.

I am responsible for maintaining and organizing technological spaces, supporting educators and students, automating systems, and promoting the use of digital tools in education.

Motivated to continue developing my career in **technology, international collaboration, and multicultural environments**.

Education

Specialization in Computer Networks

University of Campinas – Brazil

Completed: 2017

Bachelor's Degree in Computer Science

Anhanguera Educacional – Brazil

Completed: 2014

Technical Program in Information Technology

Microcamp

2010 – 2012

Training included:

- Computer assembly and maintenance
- Windows and Linux operating systems
- Computer networks configuration
- Web development fundamentals (HTML, CSS, JavaScript, PHP)
- Graphic tools (CorelDraw, Photoshop)
- Programming logic

Professional Experience

Digital Education Instructor

Serviço Social da Indústria (SESI-SP)

2020 – Present

Responsible for managing technological environments and supporting digital

education initiatives.

Main responsibilities:

- Technical support for students and staff
 - Training teachers in the use of educational technologies
 - Teaching programming and robotics
 - Managing and maintaining educational technology spaces
 - Preventive and corrective maintenance of equipment
 - Automation of technological environments to improve educational efficiency
 - Supporting digital assessments and technology-based educational platforms
-

IT Support Analyst

Serviço Social da Indústria (SESI-SP)
2019 – 2020

Provided technical support and infrastructure maintenance in educational environments.

Responsibilities included:

- Network configuration and support
- Hardware and software maintenance
- IT infrastructure organization
- User support and troubleshooting

IT Technician

Colégio Padre Júlio Chevalier
2015 – 2018

Responsible for the school's IT infrastructure.

Main activities:

- Administration of Windows and Linux servers
- Implementation of wireless networks
- Infrastructure reports and improvements
- Standardization of IT processes and best practices
- Audio technical support for events (meetings, theater, lectures, graduations)

Technical Support Intern

Institute of Language Studies – University of Campinas
2013 – 2014

Activities included:

- Hardware maintenance
- Operating system installation (Windows, Linux, macOS)
- Network configuration (wired and wireless)
- User support for faculty, staff, and students
- Web programming support

Robotics & Educational Projects

Robotics Team Coach – SESI Avengers

- Coached a robotics team in educational competitions
- Team achieved **1st place – Robot Design Award (Regional)**
- Qualified for **National Robotics Competition – Brasília (2023)**

Robotics Mentor – SESI CLP Team

- Mentoring students in robotics and innovation
- Supporting teamwork, engineering thinking, and problem-solving

Educational Robotics Instructor

Teaching robotics and computational thinking through activities such as:

- Micro:bit programming
 - Electrical circuits
 - Prototyping and simulations
 - Maker tools and robotics kits
-

Technical Skills

Technology & Infrastructure

- IT Infrastructure Management
- Computer Networks

- Windows / Linux Systems
- Hardware Maintenance
- System Automation and Configuration

Web Development (Learning & Practice)

- HTML
- CSS
- JavaScript
- Web fundamentals

Educational Technology

- Robotics Education
- Maker Spaces and Prototyping Tools
- Educational Technology Training
- Digital Learning Environments

Tools & Platforms

- Microsoft Office 365
- OneDrive / OneNote / ClassNotebook
- Google Cloud (Foundational Training)
- Tinkercad
- PhET Simulations
- MakerCode

Certifications & Courses

Google Cloud Skill Badges

- Perform Foundational Data, ML, and AI Tasks in Google Cloud
- Build and Secure Networks in Google Cloud
- Perform Foundational Infrastructure Tasks in Google Cloud
- Create and Manage Cloud Resources

Online Courses

- Python 3
- HTML5
- Ethical Hacking Fundamentals
- Web Developer Program – Zero To Mastery Academy (*currently studying*)

Languages

English

- Listening: Intermediate / Advanced
- Reading: Intermediate / Advanced
- Speaking: Intermediate
- Writing: Intermediate

Portuguese

- Native
-

Additional Activities

Educator Training – Escola de Informática para Cidadania (CDI)

First training focused on **technology education and digital inclusion**, where I started my journey as a technology educator.
